Screenshots:

- To upload the new video file:

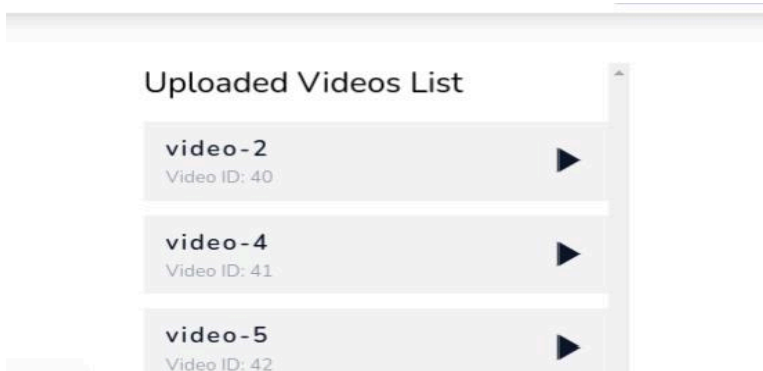

Click here, and it will open a form to upload a video.

- Fill up the video title and upload the video by clicking the Upload button.

- On the right side, you can see a list of uploaded videos.

- If you click the play button on the list, it will play a video on the left side of the screen.

- To search for a subtitle, use the search bar below the video.

- It will return the subtitle along with the timestamp. You can move on to the particular time by clicking the timestamp.
